Camp Ignite COMING TO COHOSA

A memorable experience filled with intuitive workshops and laughter

Colorado HOSA has been involved in a partnership with Oklahoma HOSA for the past year in order to exchange ideas and better our chartered associations. This past year has seen both organizations gain new insights and implement different initiatives using this new knowledge. This year, Colorado HOSA will put in place a new initiative, finding its origin in this partnership – Camp Ignite. This new camp will come to Colorado HOSA in May 2026, being led by the new state officer team. But it is currently in the works, utilizing the ideas of the current state officer team.

Oklahoma HOSA spends their conference with fun activities that allows HOSA members to build connections and ignite their passion for HOSA. Members are left with valuable information and relationships at the end of Camp Ignite. This is something Colorado HOSA would also like to ignite. We want to see Colorado HOSA shine and find their place in our organization. Some of our current state officers will travel to Oklahoma to gain insight, and build this conference for you! See you next May Colorado HOSA!

Until next time,
